## SECTION B.

### General provision of Health Services for the district.

#### Public Health Officers of the Authority.

One District Medical Officer of Health, part time, who also preforms the duties of Public Vaccinator.

One Sanitary Inspector.

#### Laboratory Facilities.

No change has been made during the year. These were provided by the County Analyst, Carmarthen.

#### Ambulance Facilities.

Conveyance has been made by the vehicles of the hospitals to which patients were sent. No change has been made during the year.

#### Nursing Services.

There has been no change during the year. Home nursing services have been provided by the district nurses, of whom four function in the district.

## **Clinic and Treatment Centres.**

No new clinics or treatment centres have been made available during the year. Tubercular conditions receive special attention at Llandrindod Wells through periodic visits of the County T.B. Officer. These take place fortnightly. Venereal cases can receive free attention at Hereford at clinics held twice a week.

## **Hospitals.**

A well equipped hospital exists at Llandrindod Wells where hospital treatment is made available for the whole district, including Maternity Nursing. There is a registered Nursing Home for Maternity cases in the town of Rhayader, particularly intended to deal with normal cases from inaccessible parts.

## **SECTION C.**

### **Sanitary Circumstances of the Area.**

#### **1. (I) Water Supply.**

Some difficulty was experienced during the year with the quality and quantity of the Rhayader supply. Water was obtained from the river during the difficult period in August ; this was suitably chlorinated. The work of main laying at the Fron and Cross Gates was completed. A length of 2 in. asbestos main was laid in Caerberbert Lane, Rhayader. The construction of a well and laying of an asbestos main to Clewedog Cottages, Nantmel, was also completed. Newbridge Water Supply continued to work satisfactorily. A shortage at Llanyre supply was experienced at one period in the Summer.

#### **(II) Drainage and Sewerage.**

The Sewerage system serving the central part of Rhayader is still unsatisfactory, and steps are shortly to be taken to remedy this.

To improve conditions during heavy storms a duplicate 12 inch glazed-ware sewer was laid from the inspection chamber at the bottom of Mill Lane, Rhayader, to the septic tank in the Werglodd Field.

#### **2. Rivers and Streams.**

No action was taken in regard to pollution.

#### **3. (I) Closet Accommodation.**

In March and April a survey of Rhayader and Cwmdauddwr was made and it was observed that there were six premises in Rhayader and four in Cwmdauddwr with pail closets. Steps were taken to obtain their conversion to water closets.

#### **(II) Public Cleansing.**

No change was made during the year in the arrangements for Public Cleansing. Refuse collection was made twice weekly in Rhayader and the village of Cwmdauddwr.

#### **(III) Sanitary Inspection of the Area.**

Sewers and sewer outfalls were inspected ; some defects and nuisances were abated. Informal notices were served where nuisances were observed or reported.

#### **(IV) Shops and Offices.**

Notices were served on two butchers during the year in regard to the storing and handling of meat. Improvements were effected in both cases.

### **(V) Camping Sites.**

1. Four sites in the area were used for camping purposes during the year.
2. No licence was issued under Section 269 of the Public Health Act, 1936.
3. The estimated maximum number of campers resident in the area at one time during the Summer of 1944 was 75.

### **(VI) Smoke Abatement.**

No action was taken during the year.

### **(VII) Swimming Baths and Pools.**

There are no public or privately owned swimming baths or pools, open to the public, in the district.
